

MAKING OREGON VITAL FOR ELDERS

Transforming Your Dining Services Training DVD Tip Sheet for Using the DVD June, 2008

- The DVD is designed to be easy to use. A Main Menu appears on screen when the DVD is inserted. There are two options on the Main Menu:
 1. **Play All** plays the entire program from opening montage through the conclusion.
 2. **Chapters** plays individual segments of the program and returns to the Chapters menu after that segment is completed. There is also a return to the Main Menu option listed at the bottom of that page.
- To maximize the training experience, M.O.V.E. education staff recommends viewing the entire program first. Trainings can also be customized according to specific topic areas in the Chapters menu and/or site location needs.
- To assist in planning the training curriculum, the Chapters are listed by segment in sequential order from the left column down the page to the top of the right column down the other side. At any point while scrolling, the viewer has the option of jumping to a segment in the opposite column.
- The Chapter segments are listed according to the transformation process and when played sequentially may provide the most optimal learning experience. All segments can be played randomly and in any order to underscore certain aspects of the training or to facilitate group discussion and interaction.
- The total running time of the DVD is 56:55 minutes. The Chapter segments are identified by topic and time break-out as follows:

<u>Section 1:</u> Opening Montage & Introduction	2:38 minutes
<u>Section 2:</u> Before the Change: Is this the Army?	5:45 minutes
<u>Section 3:</u> Choosing a Dining Style	4:10 minutes
<u>Section 4:</u> The Process of Change	6:24 minutes
